Please email this distributor order to Bollé Safety at rxsafetyanz@bolle-safety.com

Once received a **prescription form** will be raised and sent back to you for to enter into the web-shop.

ORDERING PROCESS

1. Enter the Prescription form number you have received via email under "Enter a prescription form number"

2. If you have performed an Eye-Test you MUST tick the "Sight test" box and allocate the cost of \$80.00. Then click "CONTINUE WITH ORDER"

END USER TERMS & CONDITIONS

- Please note that it is your responsibility to be aware of which lens option you are required to wear (single vision or progressive, clear or polarised/Transitions). Inform the practice before your eye test that you require safety glasses and discuss your work environment.
- It is at the discretion of the optical practice to decide on the frames and lenses suitable for your prescription and end use.
- There may be an additional cost for the extra lens options, payable to the optical practice.
- The prescription form must be presented to the optical practice at the time of ordering.
- The average person is recommended to have an eye exam every 2 years. Annually for diabetics and patients over 65, or as recommended by your eye care practitioner.
